the AOS advantage

Healthcare providers are demanding more from their practice management systems than ever before. The need to increase efficiency and reduce costs make it imperative to purchase high quality software products that are backed by first class customer support.

AOS provides practice management solutions and electronic claims processing to medical and dental offices. As a software developer, billing service and electronic claims clearinghouse, AOS can meet all of your software and processing needs. With our dedicated support staff as your partner, AOS will enable you to successfully streamline the administrative component of your practice so that you can focus on the most important part –patient care.

Diverse Products

AOS offers an assortment of software products to meet the demands of virtually every practice. From complete, customized practice management systems to economical claim submission software, AOS offers products that have the flexibility to change with the needs of your practice. No matter which AOS product you choose, all of our windows-based software solutions mirrors the logic of your office, are easy to use, HIPAA compliant and secure.

Great People—
One Company to Call

We believe that you can tell a lot about a company by their people. At AOS, our staff is our most important resource. With a strong commitment to training and tech support, our customer care team will assist you with any questions or difficulties you may have. All of them are highly experienced in offices like yours and know what it takes to get the job done right. Our unique role as a software developer, clearinghouse and billing service enables you to have problems addressed with one phone call to one company. Before you purchase an AOS product, we invite you to call and interview our customer care team.

Maximized Payments—
Billing Services

With over 25 years experience in medical and dental billing, AOS offers professionalism and peace of mind. Our certified coders and knowledgeable, courteous support staff treat your billing as if it were their own. They have the experience to help you maximize your reimbursements and reduce your payment turnaround time.

AOS offers billing clients:

- **Custom designed superbills**
- **Posting of all payments**
- **Internal verification controls**
- **Comprehensive follow-up**
- **Appeals for denied claims**
- **Secondary insurance billing**
- **Detailed reports to keep you up to date**

As an AOS client, you have immediate access to all your information through our secured website at AOSData.com. Just log in with your username and password and all of your account information will be at your fingertips.
